Description:

The offered pneumatic oil, lubricator pump is intended for workshops, factories, operations and wherever we find parts requiring lubrication and oil pump.

Professional pneumatic oil, lubricator pump - the pneumatic oil, lubricator pump will enable trouble-free lubrication and oil pump of elements and equipments by one person.

Basic technical parameters:

- Device type: pneumatic oil, lubricator pump
- Brand: GMP
- Volume: 20 liters
- Rate flow: 56 l/h
- Operating pressure range: 0.6 - 0.8 MPa
- compressed air pressure: 0.6 - 0.8 MPa
- Output pressure: 30 - 40 MPa
- Dimensions: (460 x 460 x 835)±50 mm
- weight: 17 kg
- Hose length: 4300mm.

Equipment catalog is for general description only and we will produce according to customer's detailed requirements.
